

2019 CV Reserve Cabernet Franc

RESERVE CABERNET SAUVIGNON - The term CV refers to the original vineyard holdings on our estate, Continental Vineyards, and this very limited wine is only produced in exceptional vintage years. In 2019, we achieved perfect fruit ripeness, resulting in a wine of outstanding depth.

Cabernet Franc is a significant Bordeaux variety that figures prominently in the “right bank” styles of Pomerol and St Emilion although it is rarely released there on its own. Paso Robles’ climate has the ability to get it ripe on its own and we are confident, and excited, to release this 100% varietal.

This crop was a much anticipated one. It is a very robust style that retains elegance and finesse. It is quite firm on the palate but the masses of spicy fruit and balancing oak compliment the grip nicely. The color is deep and intense reflecting the wine’s brooding nature. Bright natural acidity will ensure this wine ages for many years.

Only new oak is used and the average aging is 23 months.

CHRIS CAMERON, Winemaker

TECHNICAL NOTES

Alcohol15.2%
pH 3.58
R/S 2 g/L
TA 5.52 g/L

Harvest Date ... October 2019
Bottling Date March 2022
