BROKEN EARTH

2 0 1 9

Grenache

Grenache- The Paso Robles AVA has emerged as the premier Rhone varietal region in the USA. The dry, warm conditions lend themselves to producing Rhone style wines of extraordinary depth and character and Grenache is certainly no exception.

Broken Earth Winery has enjoyed considerable success with our Estate Grown (and California Certified Sustainable) Grenache and we are proud to offer our latest vintage, the 2019. Harvested on 9/20/19 at 23.4 Brix it promised to be a wine that delivers outstanding flavour without an elevated alcohol level. At 13.79% it offers enough weight to the complex fruit without the presence of too much warmth on the palate.

Ripe red fruit drives this wine. Look for strawberry, raspberry and mulberry which lead into a mouth-filling experience, very nicely balanced with finer oak and skin tannins. The wine went to oak in March 2020 and remained there for almost 20 months. The barrels (barriques) were predominantly 3rd and 4th use, allowing for some gentle development without overpowering oak present. On the palate it appears softer but the ripe tannins lend a lift to the extended flavours on the back end. This is a wine that can be equally enjoyed on its own or at the dinner table.

CHRIS CAMERON
Winemaker
